

Smoke Detectors and Carbon Monoxide Alarms Self - Certification

Smoke Detectors and Carbon Monoxide Alarms are necessary to protect the occupants of every residence against injury or death. They are also necessary to protect neighboring residents against fire, smoke, and carbon monoxide. As an owner, you are responsible for your safety and must maintain a safe property.

Property Address: _____

Property Owners: _____

I hereby certify that I am the owner(s) of the above referenced property. I certify that smoke detectors and carbon monoxide alarms are present and functional in all the following locations (check all applicable boxes below):

Smoke Detectors as specified by the manufacturer:

- Outside of each separate sleeping area in the immediate vicinity of all bedrooms
- In each room used for sleeping purposes
- In each story within a dwelling unit, including habitable basements

Carbon Monoxide Alarms as specified by the manufacturer:

- Outside of each separate sleeping area in the immediate vicinity of bedrooms
- In each story including any habitable basement
- In each room used for sleeping purposes with permanently installed fuel burning appliances
